

Healing Touch Healthcare Facility Profile

Integrative Medicine Clinic

Medical Office Building 2545 Chicago Avenue South, Minneapolis, MN 55418

Serving as Minnesota's children's hospital since 1924, we are the sixth-largest children's health care organization in the U.S., with 326 staffed beds at our two hospital campuses in St. Paul and Minneapolis, Minnesota.

An independent, not-for-profit health care system, Children's provides care through over 13,000 inpatient visits and more than 200,000 emergency room and other outpatient visits each year.

Our approach is not meant to replace conventional medical treatment. Rather, our goal is to provide access to the best practices available in complementary and natural therapies in conjunction with conventional medicine in a culturally competent manner.
