Enhance Your Learning with Additional Services and Support

Healing Touch Program invests in services, tools and support that fosters your learning and continued growth.

Healing Touch Professional Association (HTPA) provides Healing Touch Students and Practitioners with tools and resources that support professional growth. This is accomplished through educational offerings, open calls, HTPA Regional Chapters and specialized focused committees. www.HTProfessionalAssociation.com

Healing Touch Certification (HTC) offers a board certified accredited credential for Healing Touch Certified Practitioners (HTCP). This is accomplished through peer review packet applications and a proficiency exam. www.HealingTouchCertification.com

Healing Touch Integrative Care Program (ICP) assists healthcare facilities that currently use, or are interested in applying or integrating Healing Touch in their facility. We do this by providing education, consultation services, and tools that create effective, sustainable integrative care programs in healthcare facilities. www.HTICP.com

The Research Advisory Council and website provide support with research projects and questions, and a place for documented research on Healing Touch and the science of energy medicine. www.HealingTouchResearch.com

HTP's Ethics Committee fosters ethical commitment through an established Code of Ethics and Scope of Practice. It serves to assure the public and the Healing Touch community through ethical standards, compliance procedures and a professional discipline process for ethical issues. www.HealingTouchProgram.com/resources/htp-ethics

Energy Magazine is an online publication for energy medicine practitioners, featuring authors who are leaders in the field and offering the latest thoughts, research, business tools and self-care tips. www.EnergyMagazineOnline.com
